6:00pm at the Crossroads Center

in support of:

Prescott Alternative Transportation

Sponsorship Opportunities

Prescott Alternative Transportation advocates on behalf of our most vulnerable travelers. Bicyclists and pedestrians are not safely accommodated. With improved facilities for walking and biking (including transit), many more citizens will choose to travel via these modes thus reducing pollution and congestion, resulting in healthier citizens and communities in central Yavapai County.

PAT is this region's sole Safe Routes to School program provider and has helped to secure over \$5,000,000 in federal funding for bicycle and pedestrian safety improvements. But we need your help to do more!
